

Representatives Charles "Chip" Pickering (R-MS) and Gene Green (D-TX) have introduced a bill in the House of Representatives, HR 4026, which represents another attempt by the National Association of Broadcasters (NAB) to restrict satellite radio from offering traffic and weather and other valuable services to its listeners.

The NAB has been aggressively enlisting other congressmen to cosponsor the bill. So far, Capitol Hill policy-makers have heard only from the NAB and its lobbyists.

support satellite radio and oppose HR 4026.
